

## Why Our Waste Pick-Up Services are the Best

- \$5 million pollution liability and transportation insurance
- Our own drivers and trucks, including tractor trailers
- Guarantee timely service
- Fleet of vehicles and drivers fully licensed and permitted to transport hazardous & universal waste, not brokered
- We'll prepare all paperwork, manifests and certificates of recycling and destruction
- Will call or recurring pick-up service available

### Emergency Pickup's

What works for you, works for us. We know schedules are tight and sometimes not flexible. Loading docks are full Monday through Friday. NLR understands your business and can adapt to your needs. If it's a Saturday that works for you, then consider it done.

**NLR's waste pick-up program is specially designed for businesses who generate a higher quantity of universal or hazardous waste.**

Based on your needs, we'll custom-tailor a pickup schedule specific for your business. Then our expert staff will take care of all the rest, including on-site labeling, packaging and loading of waste streams, waste characterization and profiling, and manifesting.

Our fleet of permitted vehicles and authorized drivers ensure that your product will be managed by NLR professionals with a reputation for "on-time" service.

**Fleet of vehicles and drivers fully licensed and permitted to transport universal & hazardous waste throughout:**

- Maine
- Massachusetts
- Rhode Island
- Connecticut
- New York
- New Jersey
- Pennsylvania
- Maryland
- And many other locations
